Your Social Security Statement

Are you thinking about retirement? Are you ready for retirement?

We have tools that can help you!

- Estimate your future retirement benefits at www.socialsecurity.gov/estimator
- Apply for retirement, spouse's, Medicare or disability benefits at www.socialsecurity.gov/applyforbenefits
- And once you receive benefits, manage your benefits at www.socialsecurity.gov/myaccount

Your *Social Security Statement* tells you about **how much you or your family would receive** in disability, survivor or retirement benefits. It also includes our record of your lifetime earnings. Check out your earnings history, and **let us know right away if you find an error.** This is important because we base your benefits on our record of your lifetime earnings.

Social Security benefits are not **intended to be your only source of income when you retire.** On average, Social Security will replace about

* THE BRACKETED YEARS
ARE THE YEARS & EARNINGS
SERVED & EARNED FOR
JOSE ORLANDO ORTIZ

Total Social Security and Medicare taxes paid over your working career through the last year reported on the chart above:

Estimated taxes paid for Social Security:

You paid: \$24,114
Your employers paid: \$25,459

Estimated taxes paid for Medicare:

You paid: \$5,933
Your employers paid: \$5,933

Note: Currently, you and your employer each pay a 6.2 percent Social Security tax on up to \$118,500 of your earnings and a 1.45* percent Medicare tax on all your earnings. If you are self-employed, you pay the combined employee and employer amount, which is a 12.4 percent Social Security tax on up to \$118,500 of your net earnings and a 2.9* percent Medicare tax on your entire net earnings.

*If you have earned income of more than \$200,000 (\$250,000 for married couples filing jointly), you must pay 0.9 percent more in Medicare taxes.

Help Us Keep Your Earnings Record Accurate

You, your employer and Social Security share responsibility for the accuracy of your earnings record. Since you began working, we recorded your reported earnings under your name and Social Security number. We have updated your record each time your employer (or you, if you're self-employed) reported your earnings.

Remember, it's your earnings, not the amount of taxes you paid or the number of credits you've earned, that determine your benefit amount. When we figure that amount, we base it on your average earnings over your lifetime. If our records are wrong, you may not receive all the benefits to which you're entitled.

Review this chart carefully using your own records to make sure our information is correct and that we've recorded each year you worked. You're the only person who can look at the earnings chart and know whether it is complete and correct.

Some or all of your earnings from last year may not be shown on your Statement. It could be that we still were

processing last year's earnings reports when your Statement was prepared. Your complete earnings for last year will be shown on next year's Statement. Note: If you worked for more than one employer during any year, or if you had both earnings and self-employment income, we combined your earnings for the year.

There's a limit on the amount of earnings on which you pay Social Security taxes each year. The limit increases yearly. Earnings above the limit will not appear on your earnings chart as Social Security earnings. (For Medicare taxes, the maximum earnings amount began rising in 1991. Since 1994, all of your earnings are taxed for Medicare.)

Call us right away at 1-800-772-1213 (7 a.m. - 7 p.m. your local time, TTY 1-800-325-0778) if any earnings for years before last year are shown incorrectly. Please have your W-2 or tax return for those years available. (If you live outside the U.S., follow the directions at the bottom of page 4.)

Thinking of retiring?

www.socialsecurity.gov

Some things to consider

Retirement can have more than one meaning these days. It can mean that you have applied for Social Security retirement benefits or that you are no longer working. Or it can mean that you have chosen to receive Social Security while still working, either full or part-time. All of these choices are available to you. Your retirement decisions can have very real effects on your ability to maintain a comfortable retirement.

If you retire early, you may not have enough income to enjoy the years ahead of you. Likewise, if you retire late, you'll have a larger income, but fewer years to enjoy it. Everyone needs to try to find the right balance, based on his or her own circumstances.

We hope the following information will help you as you plan for your future retirement and consider your retirement options.

Avoid a Medicare Penalty Sign Up at Age 65

Even if you don't plan to receive monthly benefits, be sure to sign up for Medicare *three months before* turning age 65. If you don't sign up for Medicare Part B (medical insurance) when you're first eligible, your coverage may not start right away and you may have to pay a late enrollment penalty for as long as you have it. You can apply online. Visit www.socialsecurity.gov/medicareonly for information and to apply.

What is the best option for you?

Everyone's situation is different. That is why Social Security has created several retirement planners to help you decide what would be best for you and your family. Social Security has an online calculator that can provide immediate and accurate retirement benefit estimates to help you plan for your retirement.

The online Retirement Estimator is a convenient, secure, and quick financial planning tool. It uses your own earnings record information, thereby eliminating any need to manually key in years of earnings information. The estimator also will let you create "what if" scenarios. You can, for example, change your "stop work" date or expected future earnings to create and compare different retirement options. To use the Retirement Estimator, go to our website at www.socialsecurity.gov/estimator.

There is one more thing you should remember as you crunch the numbers for your retirement. You may need your income to be sufficient for a long time, because people are living longer than ever before, and generally, women tend to live longer than men. For example:

- The typical 65-year-old today will live to age 83;
- One in four 65-year-olds will live to age 90; and
- One in ten 65-year-olds will live to age 95.

Once you decide on the best age for you to actually retire, remember to complete your application *three months before* the month in which you want retirement benefits to begin.

It's so easy to apply online for benefits

The easiest way to apply for Social Security retirement benefits is to go online at www.socialsecurity.gov/applyforbenefits. If you do not have access to the Internet, you can call 1-800-772-1213 (TTY number, 1-800-325-0778) between 7 a.m. and 7 p.m., Monday through Friday, to apply by phone. You also can apply at any Social Security office. To avoid having to wait, call first to make an appointment.
